# DYE & DURHAM:

## THE MOST COMPREHENSIVE INFORMATION & MORTGAGE SERVICES PARTNER FOR BANKS

Dye & Durham is the leading provider, supporting over 10,000 Australian financial and legal professionals with national property and business information, data, workflow technology and mortgage settlement services.

### Helpdesk

Free support is only a phone call away. Our services and solutions are supported by an Australian-based team of specialised customer care and technical experts.

### Property & Business Information

A single point of access to the most comprehensive online information searches from hundreds of authorities—including business, property and consumer information.

### Conveyancing and Legal Support Services

Includes stamping, court filing, lodgements, land tax services and much more.

### API Data Solutions

Discover national property and business information, identity services, and mortgage settlement services via our intuitive Application Programming Interfaces (APIs).

### PEXA Services

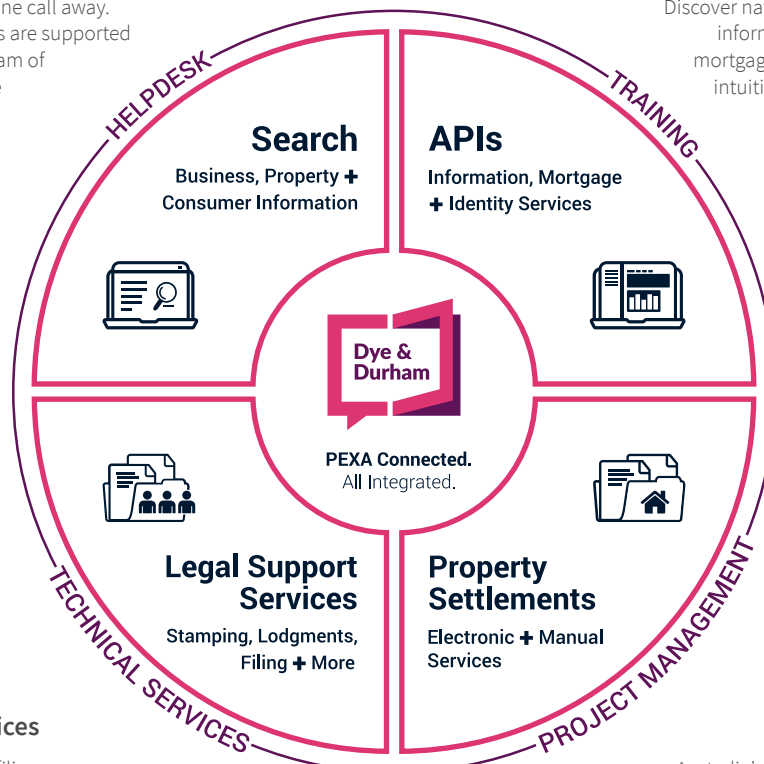

Dye & Durham provides comprehensive outsourced PEXA settlement services for financial and legal professionals.

### Mortgage Settlement Services

Australia's largest and most committed national provider of mortgage and settlement agent services to the banking industry.

### Project Management Services

We specialise in Project Management services to perform large-scale information search and property settlement matters.

Dye & Durham delivers our award-winning information, data, mortgage services and technology solutions via API integrations, workflow platforms and document management systems.

### **Property & Business Information**

Search Manager is the most comprehensive national property and business ordering platform, providing direct access to 4,000+ property, business and consumer information searches. With integrated mortgage services, intelligent ordering and billing, Search Manager offers one central platform for banking professional information and property settlement needs.

### **Mortgage Settlement Services**

Trusted as Australia's largest settlement agent for banking professionals, Dye & Durham offers the most comprehensive property settlement and legal support services across Australia. From conducting property settlements through to legal support services — all you need can be quickly booked and disbursed via Dye & Durham market leading solutions.

### **Identity Solutions**

Dye & Durham offers the latest identity services using biometric and Document Verification Services (DVS). Dye & Durham's online verification solutions enable organisations the ability to verify the identity and documents of consumers anywhere in Australia, or internationally, without having to meet.

### **API Data Solutions**

Connect with Dye & Durham information, data and identity services via any application of your choice with our market leading open Application Programming Interfaces (APIs).

## Digital Signing

Dye & Durham offers the latest digital signing technology SignMe. Designed for Australian financial and legal professionals, SignMe offers simple and intuitive digital signing for any document.

## PEXA

Dye & Durham provides integration to the PEXA platform. Dye & Durham's PEXA integration enables the pre-population of matter information direct to the PEXA platform workspace. Dye & Durham also provides comprehensive outsourced PEXA settlement services for financial and legal professionals.
